FORWARD

Since 1954 The Baptist World has served as the official organ of the Baptist World Alliance and its 120 member communions. The monthly paper has been an indispensable source of information about the work of the Alliance and Baptist faith and life around the world. With the publication of this Index readers, researchers, church leaders and others will find a key to biographical, geographical, ecclesiastical and subject information in thousands of articles from over 250 issues of Baptist World.

We are pleased that Dr. Clayton A. Pepper undertook this endeavor with the encouragement and assistance of the American Baptist Historical Society. For many years Dr. Pepper was associated with American Baptist Town and Country Ministries and later he served with the Ohio Baptist Convention. His thoroughness and commitment to the mission of the church are well evidenced here in a project which would have overwhelmed many indexers. Gratitude is also expressed to the Baptist World Alliance which provided a generous grant to fund the Index and for the assistance of Cyril E. Bryant, long time editor of The Baptist World and his successor, Dr. Reinhold Kerstan. Finally, appreciation is expressed to Kathryn E. Brackney who painstakingly typed and checked the final copy.

We offer this combined effort in the hope that it will facilitate the work of Christ and His church.

William H. Brackney

Executive Director, ABHS
